 - Beveridge and Diamond

RCRA Site Cleanup

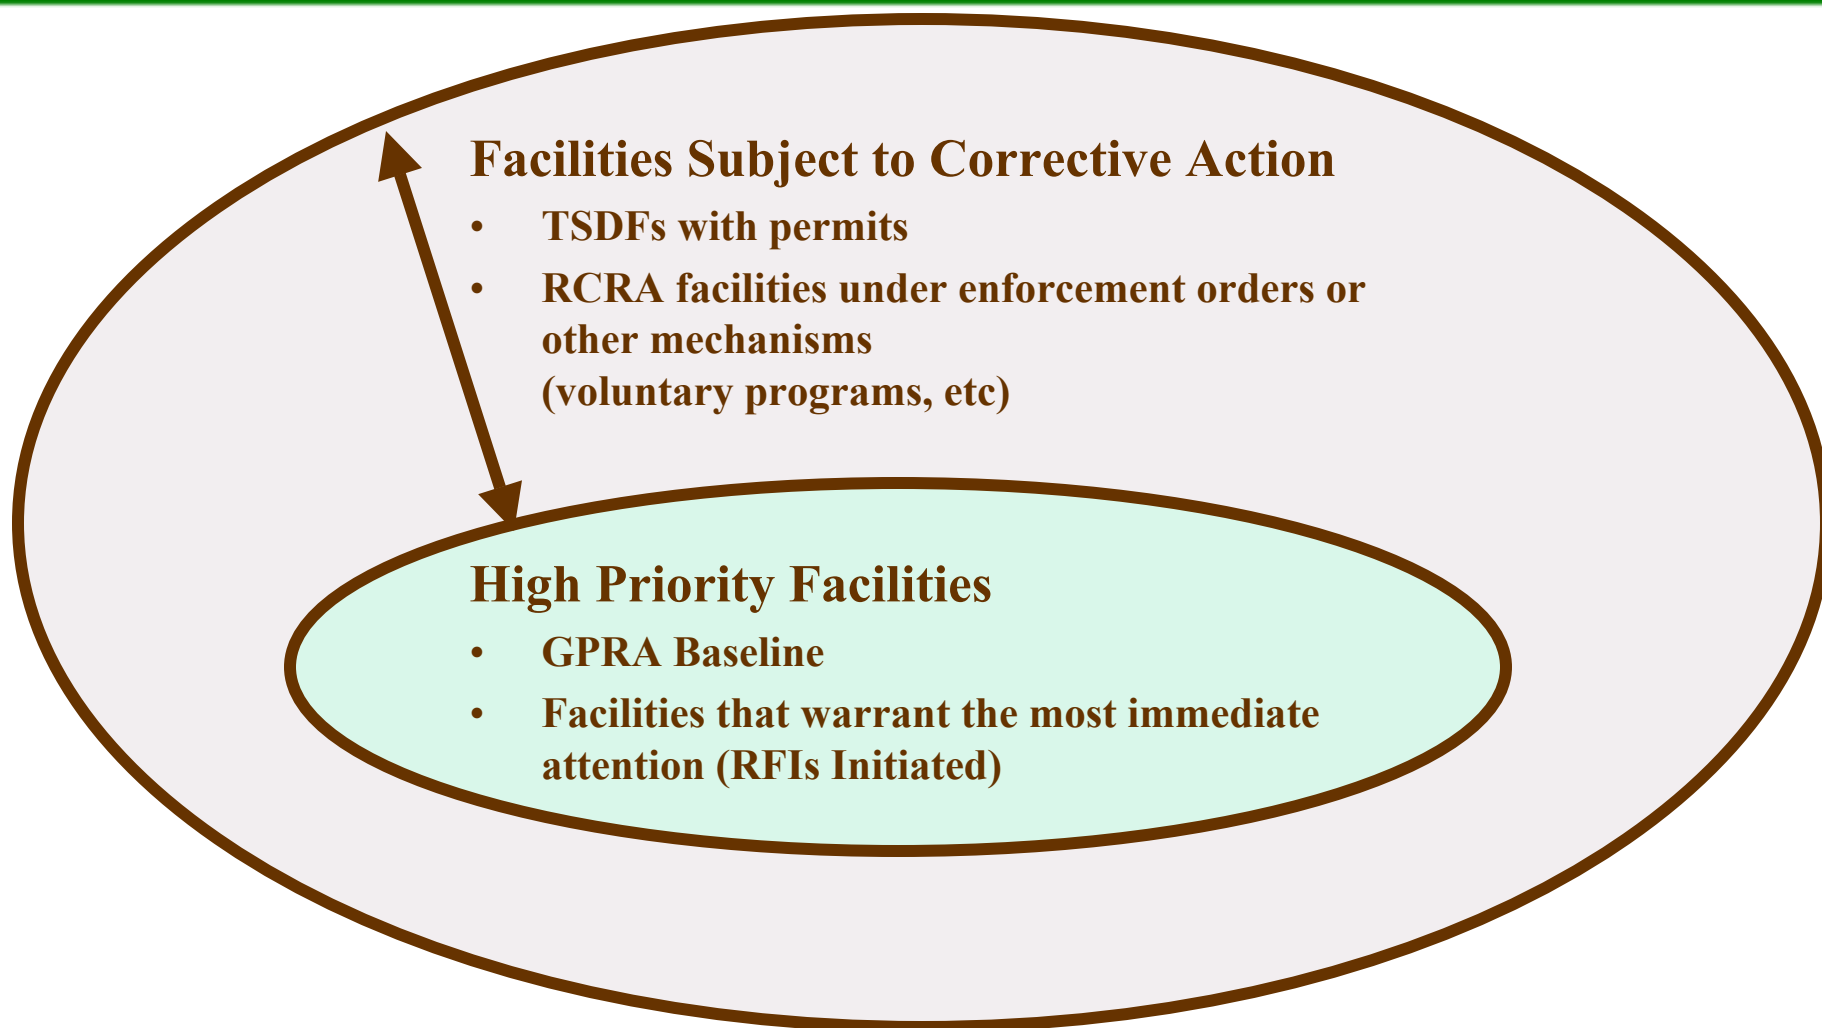

Vision

- Contaminated properties are under-utilized assets for their owners
- Cleaning up these properties increases their value as an asset
- My goal is to help clear the obstacles to clean-up

R5 Categories of Sites

Stakeholder Issues

- Program Culture/Flexibility
- Defining Completion
- Institutional Controls
- Groundwater
- Liability

Bottom Line Message

- EPA is committed to reducing obstacles
- Partnering
- Identify reuse options early
- Be innovative and performance-based
- Take advantage of Federal and state programs
